

## VISITING COMMITTEE OF THE UNIVERSITY.

Their Report Shows that  
the Work Done is of  
the Very Best.

### A REVIEW OF THE WORK.

No More Hazing—The Bible Will  
Be Used as a Text-Book—  
Other News.

(Special Cor. to State Chronicle.)

At the recent commencement at Chapel Hill, the visiting committee appointed by the Governor made a report to the Board of Trustees, from which we make some extracts. The committee consisted of Colonel Walter L. Steele, Chairman, Major S. M. Finger, Hon. John A. Gilmer, Prof. Charles D. McIver, Hon. A. H. Merritt, Hon. C. M. Cooke and Hon. J. C. Scarborough. All were present and signed the report, except Mr. Cooke and Mr. Scarborough, the former of whom was prevented from attending by pressing business engagements, and the latter by sickness in his family.

The committee say as follows in regard to the general condition and management of the University and its separate departments: As the result of a careful examination of the President and the members of the Faculty and other sources of information; with a desire not to exaggerate our own excellencies, and with an effort to take a calm and judicial view of the entire situation, the committee is of the opinion that the work now done at the University is the best ever done here in the history of the institution. Especially gratifying was it to see the enthusiastic energy of those in charge of the different departments of study, and their ambition to raise not only their respective departments, but so far as in them lay, the entire University work, to the highest possible standard of excellence. With meagre appropriations the University must have its serious and necessary limitations; but it is gratifying to see that every year marks some improvement either in the better equipment of departments or in the establishment of new departments.

#### EQUIPMENT IMPROVED.

The equipment has been improved during the past year in nearly every department of the University. It is due to the professors in charge to say that in many instances they have borne, individually, a considerable portion of the expense. Moreover, during the past year very successful work has been done in the three new departments of Electrical Engineering, Practical Civil Engineering and Medicine.

#### DEPARTMENT OF MEDICINE.

Dr. Whitehead, the new Professor of Medicine, has given remarkable and universal satisfaction, and the University is to be congratulated in the bright prospects of the Medical Department.

#### A WISE SELECTION.

In this connection it is proper to say that Prof. Williams, the other new professor, who assumed his duties in the University last fall, shows that the Board was fortunate in selecting him.

#### THE DEPARTMENT OF LAW.

The department of law is in a prosperous condition. Its enrollment is larger than it has ever been and the receipts into the University Treasury from this source are very satisfactory. Hon. James E. Shepherd, Associate Justice of the Supreme Court, assists Dr. Manning during the summer months and adds greatly to the efficiency of the work done. There is no need for any North Carolinian to leave the State for the best instruction in law. The law and medical departments give great promise of great usefulness,

and will be important factors in the future growth and success of the University.

#### MORAL TONE OF THE UNIVERSITY.

After very careful examination into the general character and conduct of the student body, your committee expresses the confident belief that the moral tone in the University was never better than at present. Indeed, there are indications that it is better now than it has ever been. It is not to be expected that boys and young men who have been allowed a wide range in conduct while at their father's homes should become models when they enter the University. And invariably a few of this class come to the University just as they go to other educational institutions. But it is unfair to judge any institution by the few rather than the many.

#### NO MORE HAZING.

The committee was peculiarly gratified to find that the students themselves have made up their minds to put an end to the practice of hazing in the University—a practice that is a relic of the past and totally out of harmony with an age of civilization and culture. It is with pleasure that we incorporate into this report a copy of the resolutions of the Freshman class and the indorsing resolution of the student body.

[The CHRONICLE has already printed and commended the resolutions passed by the rising Sophs against hazing.]

#### THE BIBLE TO BE STUDIED.

Among the recommendations of the committee which were adopted was one that the study of the BIBLE be made an ELECTIVE STUDY, provided "that no instruction shall be given in the University which will in any way be offensive to any religious denomination."

#### ST. JOHN'S DAY.

The Celebration at the Orphan Asylum June 24.  
Oxford Day.

From the committee of arrangements the following information concerning the St. John's Day celebration at the Oxford Orphan Asylum, June 24, is obtained:

Governor Holt will arrive on the eleven o'clock train that morning, and will be met at the depot by the committee of arrangements and Capt. B. S. Royster and the Granville Grays. They will escort him to the hotel.

The members of the Masonic Grand Lodge will go from the depot to the Odd Fellows' Hall, where the Grand Lodge will be opened by Grand Master H. A. Gudger and other officers.

A procession will be formed and move from there to the Asylum grounds. Exercises will be held in the chapel. The children will give recitations and songs, and then Gov. Holt, Gen. R. B. Vance, Dr. Sanderlin and other distinguished gentlemen will address the crowd.

Dinner will be served at fifty cents to everybody, the proceeds to go to the Asylum. The ladies of Oxford have kindly consented to contribute and assist in serving the people on that day.

Do not almost kill yourself by violent purgatives. Take Simmons' Liver Regulator.

A cream of tartar baking powder. Highest of all in leavening strength. Latest U. S. Government Food Report.

### LIVERPOOL MARKET AL O. K.

The American Market is Steady  
and the New Crop Months  
Noticeably Firm.

(By The United Press.)

NEW YORK, June 19.—Messrs. Hubbard, Price and Company, in their cotton circular to-night, say: "Liverpool was 1-64 lower at the opening this morning, but by 1 o'clock was 1-62 higher than last evening, closing at a net improvement of 1-64 as compared with last evening. This market during the early session was steady and the new crop months noticeably firm at 2 points' improvement over yesterday. About noon, however, a dispatch, emanating from London, announcing the same failures among the Lancashire manufacturers and hinting at the possibility of a short time, led to a selling movement, which was held without resistance to the close. Final prices were the lowest of the day, and, although replies to private cables ridiculed the idea of short time, and stated that the failures above referred to were important, the feeling of demoralization is complete, and the defeated bulls have stood not upon the order of their selling in their efforts to throw off their holdings. The spot sales in Liverpool are only 6,000 bales, and this spot market is called dull. The stock in store there and afloat for that market shows a reduction of 4,000 bales for the week and is now 27,000 bales in excess of last year. Receipts at the ports are moderate and the interior movement points to a plantation movement of 13,000 bales."

Receipts at ports to-day estimated at 2,500 bales, against 3,740 bales last week, and — bales the same week last year.

Spot market is dull and 1-16 lower; middling uplands 8½; sales 39 bales.

Transactions in futures 95,000 bales.

Futures closed steady, as follows:  
June 7 86-9  
July 7 92-28  
August 8 05-58  
September 8 17-68  
October 8 18-78  
November 8 39-8  
December 8 46-84  
January 8 57-94  
February 8 67-0  
March 8 77-14  
April 8 87-29

The best spring medicine in the world is P. P. P. If you would be well and in good spirits use P. P. P. If weak and debilitated and run down take P. P. P. For a spring medicine to cure and tone up the general ailments of the system take P. P. P. (Prickly Ash, Poke Root and Potassium).

## OFF FOR MOREHEAD!

Now that commencements are nearly all the occasion of the past, both girls and boys, delighted with their success of their standing, their examination or receiving graduating diplomas, it will become necessary to take a rest—a well-earned rest—after months of hard work and close attention to cultivation of the mind, the guide for better judgment when starting out in life to make their success.

Morehead city seems to be the popular resort for recreation. Ninety-nine out of every hundred of the gentlemen we've fitted out for their summer outfit told us that they were going to Morehead, and that there is no line of Summer Clothing, Underwear, Neckwear, Negligee shirts anywhere to compare with the line we are showing this season.

CLOTHING. Got Slightly Damaged. FURNISHINGS.

OFFICE COATS. ALPACA Coats and Vests. CILICIAN Coats and Vests. MOHAIR Coats and Vests. OUTING CLOTH Coats and Vests. FRENCH FLANNEL Coats and Vests. DRAB D'ETE Coats and Vests. WHITE VESTS. FANCY VESTS.

Through a leakage in our ceiling the water got on some of our Boys' Straw Hats, and also Men's Derby's—not on enough of them to make a big deal about 'em. We took all the boys' hats that sold for \$1 and some for 75c, and marked them 50c. The Men's Derby's, light colored, are reduced from \$1.50 to 65c; from \$2.50 to \$1.50. See window display.

Measure Yourself. If you wear sack suits and your measure is 32, 33 or 34, chest measure, we can save you money for we've marked about 75 suits, above sizes, that sold at \$16.50, \$15.00, \$13.50 and \$12.00 your choice now \$10.00.

Negligee Shirts. Puffed Bosom Shirts. Plaited Bosom Shirts. Pique Bosom Shirts. NECKWEAR. Lawn-Puffs. Four-in-Hand China Silk. TECK'S Silk Umbrellas. And all the New Styles of COLLARS and CUFFS.

S. & D. Berwanger. Popular Resort for Summer Clothing.
